

MUSIC IN HOSPITAL

February 2012

Virginia and Raymond with happy Valentines' couple in Eastern Hospital

Valentine's Day celebration Patients sing along love songs

HKSEIC Raymond Yim and Virginia de Blank

February is the month of Valentines and singing love song is the perfect match.

Popular love songs in Mandarin language were distributed to patients in Pamela Youde Nethersole Eastern Hospital.

Virginia performed the songs in each room of the oncology wards and invited patients to sing along. Patients enjoyed very much and asked for more encore songs.

Valentine's cards made by a group of international children are given out to terminally ill

patients. These cards are beautifully decorated to cheer patients up.

Birthday party for charity 10 years old Christiana donated all her presents to charity

Learning about how much terminally ill patients suffer in hospital, Christiana de Blank decided to donate all her presents to charity on her tenth birthday.

Christiana invited her friends to donate to Music in Hospital c/o HKSEIC instead of buying her presents.

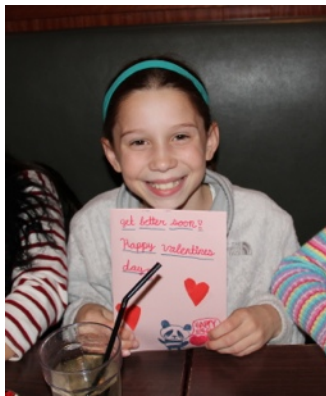

Another great idea came up, Christiana asked her friends to create Valentine's cards for terminally ill patients in hospital. She believed these cards would cheer patients up. As a matter of fact, she was right, patients in Pamela Youde Nethersole Eastern Hospital were overwhelmed by these heart-warming cards when they received them.

Well done, Christiana!

"Making Valentine's card for patients can cheer them up!"

Christiana de Blank

"So much fun and so meaningful to make these cards!" **Rachael**

"Happy Valentine's Day!"

Karoline

"This four leaves clover will bring good luck" **Caroline**

"Music from the heart"
Maya

"Be happy and be strong!"
Ricardo
